She had been fending off cancer since its first blow up when she was 26 years old. Coping with her own dicey health had been a major motivator for her interest in healing others. She will tell you more about it in this book. The greatest accomplishment of her 56 years was to meld virtually all available knowledge about health and healing into a workable and most importantly, a simple model that allowed her to have amazing success. Her system is simple enough that even a generally well-educated non-medico can grasp it. And use it without consulting a doctor every time a symptom appears.
