University of Notre Dame Press, United States, 2011. Paperback. Condition: New. Language: English . Brand New Book. Chmielewski offers a nuanced perspective of the structured categories of early American Christian religious life, suggesting that the terms Protestant and Catholic varied according to location and circumstances and that the assumptions accompanying their use had long-term consequences for generations of New Englanders. Laura Chmielewski s The Spice of Popery is an inspired contribution to our understanding of entangled Christianities in early...
