GENDER AND EQUESTRIAN SPORT: RIDING AROUND THE WORLD

Springer. Hardcover. Book Condition: New. Hardcover. 200 pages. Dimensions: 9.3in. x 6.2in. x 0.8in. This volume brings together studies from various disciplines of the social sciences and humanities (anthropology, sociology, cultural studies, history and literary theory) that shed light on the equestrian world as a historically gendered and highly dynamic field of contemporary sport and culture. From high level international dressage and jumping, polo and the turf, to the rodeo world of the Americas and popular forms of equestrian sport and culture, we are introduced to a range of issues that are played out at local and global, national and international levels. Students and scholars of gender, culture and sport will find much of interest in this original look at contemporary issues such as engendered (womens and mens) identities/subjectivities as equestrians, representations of girls, horses and the world of adventure in juvenile fiction; the current feminization of particular equestrian activities (and where boys and men stand in relation to this); how broad forms of social inequality and stratification play themselves out within gendered equestrian contexts; men and women and their relation to horses within the framework of current discussions on the relation of animals to humans (which may include not only love and care, but also exploitation and violence), among others. Singular contributions show how equestrian activities contribute to historical and current constructions of embodied femininities and masculinities, reflecting a world that has been moving beyond the binaries while continuing to be enmeshed in their persistent and contradictory legacy. This item ships from multiple locations. Your book may arrive from Roseburg,OR, La Vergne,TN. Hardcover.
