It is one of the best books. Better than ever, though I am quite late in starting to read this one. You won't feel monotony at any moment of the time (that's what catalogues are for regarding in the event you check with me).

GAO found that the centers: (1) evaluated 70 percent of the community nursing homes and all but one of the state veterans homes annually, as required; (2) performed only 62 percent of required monthly patient monitoring visits at community nursing homes and were not routinely sending nurses on these visits; (3) conducted only 38 percent of their annual evaluations within the required 90-day period before contract renewal; and (4) did not routinely use quality-of-care information from state agencies in their evaluations.
