

On the Fixed Signals of Railways (Classic Reprint) (Paperback)

By Richard Christopher Rapier

Forgotten Books, 2018. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. Excerpt from On the Fixed Signals of Railways Now that so many arms are fixed on one post, or on posts near together, it is more than ever desirable that all signal arms should at all times be distinctly in view, so as to diminish the likelihood of one being mistaken for another. A signal is said to be on when it is at danger, and off when at caution or clear. Although distant signals were not generally used until long after the introduction of the semaphore, disc signals continued to be put up for distant signals, and the introduction of the semaphore was for a long time limited to the junction or station signals; and hence arose a special and limited use of the word semaphore, as meaning home signal - a limited use of the word which continues to this day, even although all the signals may be of semaphore type. Figs. 39, 40, represent the present ordinary semaphore signal, with lamp and glasses for night use. Sometimes the lamps are fitted with internal coloured glasses, movable either in a...
