## DR U WHO - A PARODY

lulu.com. Paperback. Condition: New. 268 pages. Dimensions: 8.3in. x 5.8in. x 0.6in. This affectionate sci-fi parody tells the true story behind the triumphant return to prime time of television's most famous time-traveller after 14 years on Hiatus. In 2013, the medically-monikered maverick celebrated the 50th anniversary of his first visit to our primitive planet; and he has now secured world domination, something he spent five decades preventing numerous alien invaders from achieving. But a decade ago - his 40th anniversary - things were very different and his future very uncertain. So what really happened to persuade the mighty Bbc to bring him back? Why do all alien races speak perfect English - if, indeed, it is English? What is the real reason behind those missing episodes? How did anti-matter get its name? What really caused the extinction of the dinosaurs? And did a typo bring about the premature demise of the 10th Dr? All this and more is finally revealed in the true account of Dr U Who's triumphant return to television - and its about time! This item ships from multiple locations. Your book may arrive from Roseburg, OR, La Vergne, TN. Paperback.
