Hartwell History Teaching Resources History (from Greek - historia, meaning inquiry, knowledge acquired by investigation) is the study of the past, specifically how it relates to humans. It is an umbrella term that relates to past events as well as the discovery, collection, organization, and presentation of information about these events. The term includes cosmic, geologic, and organic history, but is often generically implied to mean human history. Scholars who write about history are called historians. Events occurring prior to written record are considered prehistory. History can also refer to the academic discipline which uses a narrative to examine and analyse a sequence of past events, and objectively determine the patterns of cause and effect that determine them. Historians sometimes debate the nature of history and its usefulness by discussing the study of the discipline as an end in itself and as a way of providing perspective on the problems of the present. This volume is offered as a guide to history teachers of the high school and the upper grammar grades. It is directly concerned with the teaching methods to be employed in the history period. The author assumes the limiting conditions that surround classroom instruction of the present day; he also takes for granted the teachers sympathy with modern aims in history instruction. All discussions of purpose and content are therefore subordinated to a clear presentation of the details of effective teaching technique. The reader into whose hands this volume falls will be deeply interested in the ideals of teaching implied in the concrete suggestions given in the following pages, for after all the value of any system of special methods...
